

Dear Friends,

It gives me great pleasure in informing you that Samadhan Bridge Academy is now taking Bridge Education to its next logical step. Having trained more than 140 students, we now see the need to polish and refine the skills to convert newcomers into a more mature and better bridge player. This workshop is also open to people who feel that attending this session will improve their game though they have learnt Bridge on their own and not through Samadhan Bridge Academy. We request senior Bridge players addressed on this mail to spread the word to developing players.

The topics that will be covered in the workshop are the following:

1. Defensive bidding
2. Slam bidding
3. Defense carding (count and attitude)
4. Essential card play concepts and techniques in NT and suit contract
5. Demos and play exercises
6. QA with participants

The workshop will be conducted by Arvind Vaidya, who was part of the Tolani team, the current holder of the prestigious Ruia trophy - the symbol of Bridge supremacy in India.

The Logistics for the course are given below:
